Re: Clean Air Act, Section 114 Information Request
Mont Belvieu Facility, 10207 FM 1942, Mont Belvieu, Chambers County, Texas

Dear Mr. Pearson:

This letter is on behalf of our client Enterprise Products Operating LLC ("Enterprise") in response to your recent letter requesting follow-up information concerning Enterprise's June 18, 2012, response to the Environmental Protection Agency's ("EPA") Clean Air Act Section 114 request for information. The follow-up information you requested is set forth below and is subject to the same objections and qualifications set forth in Enterprise's June 18, 2012 response:

- You asked for additional information concerning the ownership of the assets within the Mont Belvieu Main Complex as referenced in Enterprise's response to Question No. 4. Assets that are part of the Mont Belvieu Main Complex are identified below, along with information concerning the ownership interests for the assets.
 - Electric Co-Generation Units (100% owned by Enterprise Products Operating LLC)
 - De-isobutanizer Units (100% owned by Enterprise Products Operating LLC)
 - Solely Owned Fractionator Units (100% owned by Enterprise Products Operating LLC)
 - Jointly Owned Fractionator Units (75% undivided interest owned by Enterprise Products Operating LLC; 12.5% undivided interest owned by

DCP NGL Services LLC; 12.5% undivided interest owned by ConocoPhillips Company)

- Isomerization Unit (100% owned by Enterprise Products Operating LLC)
- Octane Enhancement Unit (100% owned by Belvieu Environmental Fuels LLC)
- Solely Owned Propylene Splitters (100% owned by Enterprise Products Operating LLC)
- Jointly Owned Splitters (66.66% undivided interest owned by Enterprise Products Operating LLC; 33.34% undivided interest owned by Total Petrochemicals and Refining USA, Inc.)
- Rail Terminal (100% owned by Enterprise Products Operating LLC)
- Truck Terminal (100% owned by Enterprise Products Operating LLC)
- You asked for the identity of the operator(s) of the Mont Belvieu Main Complex as referenced in Enterprise's response to Question No. 4. Enterprise Products Operating LLC operates the assets described above within the Mont Belvieu Main Complex.
- You asked about the owners of the land for each unit described above. For each unit identified above, the owner(s) of the processing units also owns the land associated with the processing units.
- You asked what was meant by the word "assets" when Enterprise stated that "Mont Belvieu Caverns, LLC is the current owner and operator of the assets at North Storage and East Storage and has been so since October 5, 2006." In particular, you asked whether assets include both land and the underground storage facilities and whether any other entity owned the assets at North Storage and East Storage. Mont Belvieu Caverns, LLC owns 100% of the assets at North Storage and East Storage. These assets include both the land and underground storage facilities at North Storage and East Storage.
- Finally, you referenced several statements contained in 2010 Form 10-K filings for Enterprise Products Partners L.P. and Duncan Energy Partners L.P., which indicates that these entities had an ownership interest in Mont Belvieu underground storage facilities. The Form 10-K filings explained that references to Enterprise Products Partners L.P. and Duncan Energy Partners L.P. included various consolidated subsidiaries through which these entities conducted their businesses during the periods covered by the Form 10-K filings. Neither

Mr. Evan L. Pearson

Page 3

Enterprise Products Partners L.P. nor Duncan Energy Partners L.P. directly owned in their own names title to the Mont Belvieu underground storage facilities described in the Form 10-K filings. Instead, as stated above and in Enterprise's June 18, 2012 response to EPA's Section 114 information request, Mont Belvieu Caverns, LLC is the direct owner of North Storage, East Storage and West Storage. As noted in Exhibit 21.1 of the respective 2010 Form 10-K filings, Mont Belvieu Caverns, LLC is a consolidated subsidiary of both Enterprise Products Partners L.P. and Duncan Energy Partners L.P..

Please call me at 713-651-3760 if you have any questions.

Very truly yours,

A handwritten signature in cursive script, appearing to read "Eddie Lewis".
